IN THE ABSTRACT

Please delete the Abstract on file in its entirety and insert the new Abstract as follows:

"A treatment for basal cell carcinoma has been provided by topical application over a prolonged period of time of effective dosage amounts of a formulation which comprises hyaluronic acid and a non-steroidal anti-inflammatory drug (NSAID). The dosages of the formulation are administered over a prolonged period of time to clear the basal cell carcinoma by the hyaluronic acid transporting the NSAID into the epidermis to block prostaglandin synthesis and thereby activate the macrophages to clear the basal cell carcinoma."
